

## Primal Pictures Custom App

Create maximum impact with custom mobile solutions: integrate your own content into the best 3D anatomy resources available.

Empower your sales professionals, trainers, and educators to engage audiences with custom 3D content tailored to deliver on your own objectives.

**This flexible mobile tool combines accurate and interactive Primal Pictures resources with customized 3D modelling and your own content for bespoke, branded 3D anatomy solutions.**

### Primal's Custom App:

- Allows you to incorporate custom video, slides, bookmarks, and animated interactive 3D models alongside Primal's superior anatomy solutions.
- Sets you apart from your competition: salespeople have a branded tool to engage and educate customers.
- Facilitates clear and professional communication that delivers better results, faster.
- Creates a clear line from audiences to the specific, tailored content they need for greater understanding.
- Provides trainers with the ultimate 3D tool for illustrating procedures and highlighting relevant anatomy, augmenting your own resources all in one place.
- Takes viewers to must-see 3D course curriculum content that can be accessed anywhere, anytime.
