

We Care About Student Success. Just Like You.

Picmonic is a radically different visual learning approach that engages students better than textbooks. Through unforgettable stories and characters that form durable mental scaffoldings, student learning outcomes increase, helping you as an educator to nurture students who excel in school, score higher on exams, and dominate exams like the **National Board for Certification in Occupational Therapy (NBCOT®)**.

Engaged Students Excel

Our vast library aligns with your curriculum so educators can quickly add Picmonics to lecture slides or assign material for review. Students come to class more prepared, remembering the critical knowledge required to pass exams.

Better Insights, Better Outcomes

The Faculty Analytics Dashboard allows for easy tracking of student progress by time or subject. This built-in low-stakes assessment can be used as an intervention tool for struggling students.

Valuable Time-Saving Tool for Educators

Easily integrates with Learning Management System apps for Canvas, Blackboard, Moodle, and D2L Brightspace, while offering single sign-on and automated grade book data syncing.

Efficient and Highly Effective.

- 2-3 Minute **Mnemonic Videos**
- Thousands of **Multiple-Choice Questions** and **Adaptive Daily Quizzes**
- Built-In **Spaced Repetition**
- Real **Medical Imagery** Alongside **Consistent Characters**
- **Customizable** Content
- **Mobile Apps**

*Read the [IRB-approved research study](#).

Students who used **Picmonic** saw up to **50% Increase** in **exam scores** after **one week** & **331% Increase** in **long-term retention** of high-yield information.

Comprehensive. Convenient. Engaging.

What OT Students are Saying

Picmonic is essential for succeeding in OT school, **especially when learning the brachial branches, disorders, cranial nerves**; all those difficult neuro topics which are so important for occupational therapists to understand. This not only helped with my overall understanding of topics but actually made it fun to study!

- Courtney G., OT Student

I am loving Picmonic for my OT classes! I like all the different options and explanations so you can kind of do what works best for your learning style!

- Tawni H., OT Student

Features for Educators

With **premium access**, educators can evaluate then integrate Picmonic's video-quiz lessons into their curriculum, helping to engage students and providing a valuable time-saving early intervention tool.
