

We Care About Student Success. Just Like You.

Picmonic is a radically different visual learning approach that engages students better than textbooks. Through unforgettable stories and characters that form durable mental scaffoldings, student learning outcomes increase, helping you as an educator to nurture students who excel in school, score higher on exams, and dominate exams from the **Pharmacy Technician Certification Exam® (PTCE®)** to the **North American Pharmacist Licensure Examination® (NAPLEX®)**.

Engaged Students Excel

Our vast library aligns with your curriculum so educators can quickly add Picmonics to lecture slides or assign material for review. Students come to class more prepared, remembering the critical knowledge required to pass exams.

Better Insights, Better Outcomes

The Faculty Analytics Dashboard allows for easy tracking of student progress by time or subject. This built-in low-stakes assessment can be used as an intervention tool for struggling students.

Valuable Time-Saving Tool for Educators

Easily integrates with Learning Management System apps for Canvas, Blackboard, Moodle, and D2L Brightspace, while offering single sign-on and automated grade book data syncing.

Efficient and Highly Effective.

- 2-3 Minute **Mnemonic Videos**
- Thousands of **Multiple-Choice Questions** and **Adaptive Daily Quizzes**
- Built-In **Spaced Repetition**
- Real **Medical Imagery** Alongside **Consistent Characters**
- **Customizable** Content
- **Mobile Apps**

*Read the [IRB-approved research study](#).

Students who used **Picmonic** saw up to **50% Increase** in **exam scores** after **one week** & **331% Increase** in **long-term retention** of high-yield information.

Comprehensive. Convenient. Engaging.

What Educators and Students are Saying

Picmonic is an **innovative learning tool** that is multi-sensory and effective at helping students improve knowledge retention. Students often struggle to master bugs, drugs, diseases, and protocols using only traditional methods of study. In turn, students attribute their success to the use of this program.

- Athena R. Ganchorre, Ph.D.
Director of Student Development, University of Arizona

I wish I had learned about Picmonic during my first year of pharmacy school! Picmonic has helped me learn and remember details that I would never have remembered in the blur of medication facts. I am now studying for my board exams and using Picmonic as a way to refresh and review for the exam!

- Carrie M., Pharmacist Student
Lake Erie College of Osteopathic Medicine
School of Pharmacy - Bradenton Campus

Features for Educators

With **premium access**, educators can evaluate then integrate Picmonic's video-quiz lessons into their curriculum, helping to engage students and providing a valuable time-saving early intervention tool.
