

We Care About Student Success. Just Like You.

Picmonic is a radically different visual learning approach that engages students better than textbooks. Through unforgettable stories and characters that form durable mental scaffoldings, student learning outcomes increase, helping you as an educator to nurture students who excel in school, score higher on exams, and dominate the PANCE® and PANRE®

Engaged Students Excel

Our vast library aligns with your curriculum so educators can quickly add Picmonics to lecture slides or assign material for review. Students come to class more prepared, remembering the critical knowledge required to pass exams.

Better Insights, Better Outcomes

The Faculty Analytics Dashboard allows for easy tracking of student progress by time or subject. This built-in low-stakes assessment can be used as an intervention tool for struggling students.

Valuable Time-Saving Tool for Educators

Easily integrates with Learning Management System apps for Canvas, Blackboard, Moodle, and D2L Brightspace, while offering single sign-on and automated grade book data syncing.

Efficient and Highly Effective.

Research-proven to help students retain what they learn 331% longer.*

- 2-3 Minute **Mnemonic Videos**
- Thousands of **Multiple-Choice Questions** and **Adaptive Daily Quizzes**
- Built-In **Spaced Repetition**
- Page-by-Page Alignment to **PANCE Prep Pearls®** and **First Aid®**
- Watch **Picmonic Videos** and take **Picmonic Quizzes** from within **Smarty PANCE® Lessons**
- **12 Weeks to PANCE** Workbook & Study Planner

What Educators are Saying

Picmonic is an innovative learning tool that is multi-sensory and effective at helping students improve knowledge retention. Students often struggle to master bugs, drugs, diseases, and protocols using only traditional methods of study. Picmonic creatively engages students, which leads to positive self-efficacy. In turn, students attribute their success to the use of this program.

- Athena R. Ganchorre, Ph.D. - Director of Student Development, University of Arizona

Students who used

Picmonic

saw up to

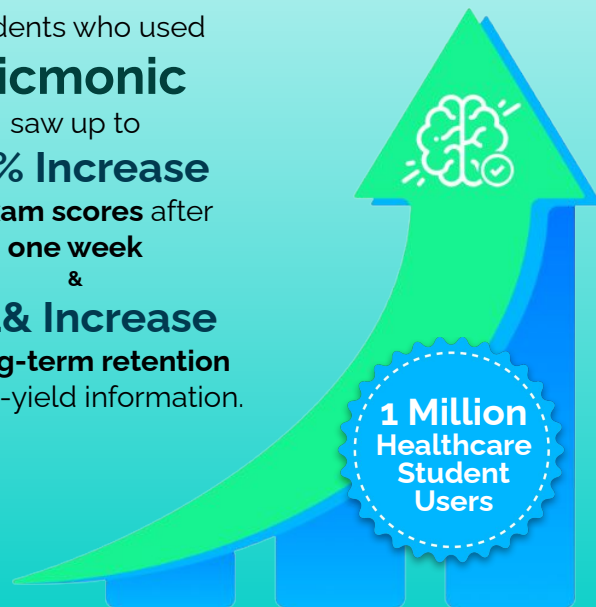

50% Increase

in **exam scores** after **one week** &

331% Increase in **long-term retention**

of high-yield information.

1 Million Healthcare Student Users

Ideal Companion for Popular Resources

Students use Picmonic in tandem with popular tools offered by key partners, combining memorable stories and spaced repetition with simulations and question banks to maximize their success.

Smarty PANCE / The PA Life

Students can watch Picmonic videos and take Picmonic quizzes from within **Smarty PANCE** blueprint lessons. No more toggling from one resource to another — focus on blueprint pearls and need-to-know facts curated for the **PANCE**, **PANRE**, and **EOR** exams.

Notable Schools Using Picmonic

University of La Verne

Labouré College

Features for Educators

With **premium access**, educators can evaluate then integrate Picmonic's video-quiz lessons into their curriculum, helping to engage students and providing a valuable time-saving early intervention tool.
