

We Care About Student Success. Just Like You.

Picmonic is a radically different visual learning approach that engages students better than textbooks. Through unforgettable stories and characters that form durable mental scaffoldings, student learning outcomes increase, helping nurture students who excel in school and are fully prepared for the Medical College Admission Test® (MCAT®), Pharmacy College Admission Test (PCAT®), Dental Admission Test (DAT®), and nursing school entrance exams (e.g., ATI TEAS®).

Engaged Students Excel

Our vast library aligns with your curriculum so educators can quickly add Picmonics to lecture slides or assign material for review. Students come to class more prepared, remembering the critical knowledge required to pass exams.

Better Insights, Better Outcomes

The Faculty Analytics Dashboard allows for easy tracking of student progress by time or subject. This built-in low-stakes assessment can be used as an intervention tool for struggling students.

Valuable Time-Saving Tool for Educators

Easily integrates with Learning Management System apps for Canvas, Blackboard, Moodle, and D2L Brightspace, while offering single sign-on and automated grade book data syncing.

Efficient and Highly Effective.

- 2-3 Minute **Mnemonic Videos**

- ATI TEAS

What Pre-Health Students are Saying

“ The true power of Picmonic becomes evident when I'm able to accomplish **hours worth of studying in a fraction of the time**. Picmonic takes the phrase “high yield studying” to the next level.

- Avram
Creighton University

” ” I am a visual learner and truly found Picmonic helpful, so I can give honest testimony to how great it is and how much it helped me. I honestly believe I may not have passed Pharmacology without it.”

- Josephine Taylor, Pre-Health Student
Texas Nursing Student Association

Features for Educators

With **premium access**, educators can evaluate then integrate Picmonic's video-quiz lessons into their curriculum, helping to engage students and providing a valuable time-saving early intervention tool.
